Built originally in 1924, this chalet was beautifully restored and refurbished; a modern design within a traditional setting makes it a delicious mixture of old and new.

The interior is impressive, with the hand-made Ben Whistler furniture complementing the innovative design and open-plan layout.

There are two double/twin bedrooms, two double bedrooms and three bathrooms across the upper two floors, with two further single beds, as shown, should your group require. On the ground floor is an open-plan kitchen and living room, a cloakroom with loo and a boot room with boot warmers. On the lower ground floor there is a cosy snug with a 130cm screen where you can chill out. The garage is useful to park one car, although there is plenty of room on the drive.

The chalet is brilliantly located, just a 5 - 10 minute stroll to the centre of Chamonix and near fabulous restaurants and the ski bus stop. Situated in a quiet road there are wonderful views up to Mont Blanc, the Glacier des Bossons and across to Brévent on the other side of the valley.
